

Landscape Planning

It's time to plan like an artist! You've done some brainstorming and thinking about ideas for your landscape drawing, now list the different features you want to be in your drawing. List at least 5 but be sure to note any additional ones you know you are going to include. If you are drawing a real place you still want to list the specific aspects you want to include (Ex: Paris – Eiffel Tower, Street, Balcony, Café, Buildings)

☐

Real Place_____

☐

maginary Place

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

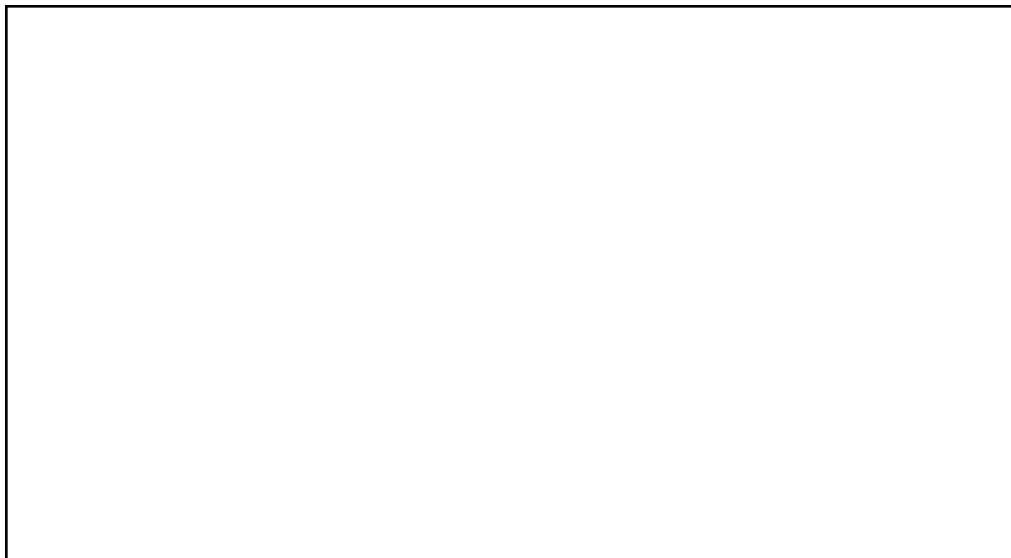

10. _____

☐

One Point Perspective

☐

Two Point Perspective

Now compile reference pictures for each feature of your landscape. Put all of your reference photos in a word document or a PowerPoint together so they are easy for you to reference when drawing
